## theme

2019 not only marks **40 years since I was born** but also 50 years since the famous Woodstock Music Festival, billed as 'An Aquarian Experience: 3 Days of Peace and Music'. Held in the hay fields of a dairy farm, the concert featured musical acts such as Jimi Hendrix, The Who, Janis Joplin, Creedence Clearwater Revival, Santana and more.

What began as a paid event drew so many from across the world that the fences were torn down and it became a free concert open to the public. For three days half a million people lived elbow to elbow in the most exposed, crowded, rain-drenched, uncomfortable kind of community and there wasn't so much as a fist fight.

So why this theme? Maybe that's why, it really was a festival of music, peace and love and I like the sound of that, and...

*I wish I was a punk rocker with flowers in my hair!*

## dress up

...it is FUN and this is an easy theme! Here are some photos from the  
original event to inspire you!

**time**

**9pm till late**

We are starting late afternoon because this is a festival and kids are invited. If you do choose to bring your kids of course they will be your responsibility. Our property is not completely fenced. There will be loud music. There will be drinking and dancing but in general this is definitely a kid friendly event and I would love them to be involved and get dressed up too!  
The choice is yours.

We will be hiring potable loos but be aware facilities will be limited. Combi vans are encouraged also.
